

Seeking PATIENTS WITH STROKE for Study on Arm-Hand Rehabilitation

If you have suffered from deficits of the hand, arm and upper limb on one side of your body due to stroke that occurred at least 6 months ago, you may be eligible.

Physical rehabilitation will be provided for 1 hour, 3 times a week for 5 weeks. Patients may also receive noninvasive brain stimulation. MRI and testing of function will be conducted at the beginning and the end of the study.

Study will be conducted at the Cleveland Clinic,
Cleveland, OH.

Parking or 'RIDE' facility will be covered. Compensation will be provided.
