

# VIRTUAL NEO-ACT PROGRAMS

CHSC's NEO-ACT (Northeast Ohio Adults Communicating Together) programs continue to be offered during the COVID-19 pandemic remotely via the Zoom platform. NEO-ACT is designed to provide individuals with communication difficulties (and their caregivers) an opportunity to improve quality of life through participation in activities that provide enrichment for listening, speaking, reading, writing, and socialization. Current programs include:

## **Book Club - Tuesdays from 11-12:30**

The group reads a book over a 9-week period and weekly discussion focuses on reading comprehension and conversation.

## **Adult Communication Group - Wednesdays from 1-2**

This group was established to help people who have communication deficits related to stroke or other neurological disorders who, after completing traditional, individual speech-language therapy, found themselves having minimal contact with others.

The group provides a support system that is geared toward communicating with others in a nonjudgmental environment.

**These programs are being offered at no cost. Donations accepted.**

**Please contact Tracy Biller, Speech-Language Pathologist and group facilitator, at [tbiller@chsc.org](mailto:tbiller@chsc.org) for questions, to receive more information or to sign up for our weekly newsletter. Tracy can also help you to join our Zoom meetings on your computer or tablet-it's easy!**

**29540 Center Ridge Rd., Suite B, Westlake, OH 44145**
