

# Family Caregiver Research Study

---

**Have you been a primary caregiver for a family member in last year? If so, you may be eligible to participate in our study!**

The purpose of this study is to understand the differences in thoughts, feelings, daily experiences, and health among family caregivers of adults. You can help us by answering a 15-30 minute survey. Compensation is available.

Please contact [caregiverstudy@case.edu](mailto:caregiverstudy@case.edu) if you're interested!
